The button is located at the admitting desk.		
Emergency Room	Robert Moreland Memorial Building	3
Front Lobby	Robert Moreland Memorial Building	3
The button is located on the door to the fire equipment.		
Moreland Building Front Lobby		

## Rule Itinerary Report

This report is useful for showing a new officer how to do a patrol. For each rule associated with the selected client, facility, group, or location, this report shows the expected number of visits. It also includes all location details, including any notes you have entered. If you have added any photos or map images, these will also print, if the report style supports images.
